

Symphony Week Is All Set for Monday

Initial Program Slated For Hudson's Bay Dept.

First program for Symphony Week which begins here Monday will be available tomorrow.

Plans are almost completed for the six days of musical films and five talent revues which will open season's activities for the Edmonton Philharmonic Society.

Society president Harold Sagar announced today that for the first 1,000 programs will be off the press and available tomorrow morning.

Edmontonians will be able to pick up programs outlining Symphony Week activities at downtown music stores and the Hudson's Bay Co. music department.

Remaining several thousand programs will be available Monday.

Symphony Week, officially declared yesterday by Mayor Harry Ainlay, is a brand new project of the Philharmonic Society which was reorganized last year.

The week begins Monday at 10 a.m. in the Empire Room at the Hudson's Bay Co. store, when films of world-famous orchestras, composers and instrumental and vocal soloists in action will be shown by the University department of extension.

FILMS AT BAY

Film program will be shown each morning at the Bay.

Films and short recitals by city musicians will be presented each afternoon except Wednesday in the Music Theatre from 2 to 4 p.m.

On Wednesday, beginning at 3 p.m., a 30-minute program of music will be played by Philharmonic Society members.

Admission is free to all events.

Women's Musical Club members will usher each day.

Nicholas Alexeev, of the Public Library music room, will be in charge of the Wednesday program.

There has been one program change. Walter Holowach, prominent city violinist, will play Tuesday afternoon instead of Monday as scheduled.

Special speakers will be on hand Tuesday, Thursday, and Friday at 7 o'clock to give short address.

City Professor To Go East

Professor at University of Alberta's St. Stephen's College, Rev. George Bradford Coad will be the new professor of New Testament Language and Literature in the faculty of divinity at McGill University.

Professor Coad's appointment was announced by Dr. F. Cyril James, principal and vice-chancellor of the Eastern university, and will be effective on June 30.

The appointment will complete the McGill divinity faculty as planned under agreement with co-operating theological colleges including St. Stephen's.

Prof. Coad was educated at Cambridge and Oxford and before coming to Canada in 1946 was minister at Highgate congregational church, London.

Ritchie League Considers Plans

General meeting of Ritchie Community League will be held Friday at 8 p.m. to discuss purchase of new heating equipment and improvements to the hall and skating rink.

Ladies' Auxiliary will meet Wednesday at 2 p.m., and the children's movie show will be held on Oct. 21 at 7 p.m.

What drive will be held as usual Saturday, when members will start play for the grand aggregate prize.

Cabbie Faces Morals Charge

A city taxi driver pleaded guilty in Supreme Court yesterday to a charge of living off the avails of prostitution.

The accused, Herbert Weiner, 29, of Edmonton, originally pleaded not guilty when he appeared for preliminary hearing in police court. He changed his plea to guilty.

Crown Prosecutor W. J. Short, read stated the young veteran is charged with a young Lac is Rich woman and solicited for her.

The woman, Polly Sawchenko, faces a charge of theft. She is alleged to have stolen \$50 from a man's hotel room.

Investigation into the alleged theft led to the arrest of the accused male, the crown prosecutor stated.

Weiner will be sentenced today.

HSA Group Hears Talk On Progress

General aims of modern elementary schools were outlined last night to the regular meeting of Alex Taylor Home and School Association.

The speaker was A. G. Bayly, supervisor of elementary schools. He pointed out the many advantages developed over the years in lighting, ventilation, temperature and general atmosphere in schools.

The evening was featured by a get-together with refreshments. Teachers were introduced to the pupils' parents.

Chairman was A. S. McNeil.

IODE In Charge Of Programs For Barbara Ann

Welfare work supervised by the Countess of Desborough Chapter of the IODE will benefit from the performance here of Olympic skating champion, Barbara Ann Scott, early in November.

Members of the chapter will be responsible for the sale of programs and souvenirs at each performance of the skating star and her troupe here next month.

Proceeds of programs and souvenir sales will be used to continue the chapter's welfare work.

Opening Meeting Has Scotch Air

Opening meeting of Historical Society of Alberta will have a broad Scotch accent.

Set for McDougall Memorial Church on 161 street, Tuesday evening at 8 o'clock, the meeting will feature an address by Rev. Edward J. Slater on "The McDougalls: Father and Son."

Public Invited to Navy Open House Here Oct. 22

Demonstration of operations aboard HMCS Nonouch will be given Saturday, Oct. 22 at 2 p.m. at an "open house" to which the public is invited. It was announced today.

The demonstration is part of Edmonton Naval Reserve participation in Navy Week across Canada, which commences Monday.

Parents are especially invited and there will be conducted tours of the establishment with officers operations of the various armaments and other equipment.

A morning church parade of the reserves is called for Sunday, Oct. 23. On Tuesday at 5 p.m. there will be "open house" at RCSC Warrior, flagship of Edmonton Sea Cadets.

Authorities of the cadets point out need for increased membership and add that a sea cadet in no way is obliged to join any branch of the armed forces. As with the naval reserves the public and especially parents, are invited to the demonstration.

AT CEREMONY

Rev. Peter Dawson, Speaker of the legislative assembly, is in Edmonton today to attend the cornerstone laying ceremonies at the new Albermar Memorial Sanatorium. Mr. Dawson will return to his home at Champion tomorrow.

A church flight to Vermilion is planned for Sunday by about 30 members of the Edmonton Flyers Club. With favorable weather about 15 planes will leave here in time to attend morning services. Mr. F. A. Fellow, secretary-manager of the club, said today.

OFF TO NEW YORK

Edmonton footwear merchant Cecil Lord will leave the city this weekend for Montreal and New York. While he is in the city, Mr. Lord will also attend the National Shoe Style Show at Chicago.

Cmdr. Lyle Hoar Off To Meeting

Five-day conference of Royal Canadian Navy commanders from 21 divisions is scheduled to begin Monday at Ottawa.

Edmonton's HMCS Nonouch commander Lyle Hoar leaves Saturday to take part in the talks.

Mr. Hoar, who is a naval reserve activity is on the agenda for discussion.

The second such annual meet, purpose is to bring the officers up to date on methods and policy. It also provides opportunity for interchange of ideas.

Pair Committed On Drug Charge

Two persons were committed for Supreme Court trial on a charge of illegal possession of narcotics in city police court yesterday.

They were Quentin Emil and Mrs. Marion Stanley, no fixed address, who also were charged with vagrancy earlier in the day.

Bail of \$5,000 was set for Mrs. Stanley by Magistrate A. J. Miller but Emil's request was refused.

The pair were picked up by two police constables Wednesday in the Star Hotel after acting suspiciously.

Industrialize Alberta

The call to industrialize Alberta has come steeply from a man whose country has a vital stake in this province and this province's resources.

Speaking at Fort William, John R. White, vice-president of the Imperial Oil Limited, compared the value of Alberta's production in terms of the power derived from Niagara Falls. He said the energy in 18,400 barrels of oil is equal to the energy tapped every day from Niagara. In that case, Alberta oil is equal to five Niagaras.

But resources such as oil, said Mr. White, do not alone spell growth and development. Industrialization is a necessary concomitant.

Declared Mr. White: "If the West is to fulfill its soon, it must be recognized that imagination and initiative will be required to make Alberta in particular going to apply that imagination and initiative to its industrial needs."

The economic curse of Canada has been the custom of shipping out raw materials for fabrication elsewhere.

Airport Should Have Own Force

The report that juvenile vandals have been shooting out landing lights at the Municipal Airport, creating a hazard for aircraft traffic, clearly indicates that the airport requires special police protection.

Obviously the city force, already laboring under many other duties, cannot afford constables for patrol duty in such a large area.

But just as every transportation system of size in the world has its own police

Thus, for every 10 cents Canadians make out of their raw materials, the United States has made from \$7 to \$10 out of their manufacture into marketable items.

What, for instance, are doing about the manufacture of carbon black, a highly valuable commodity, which is derived from natural gas?

Use of the by-products from natural gas should be a factor in determining just what surplus of gas remains for export.

In other words, no surplus should be declared until the industrial needs of gas for the manufacture of by-products right here in Alberta is met.

What are we doing to develop the by-products of coal?

Coal yields more than 6,000 by-products, fully half of which are readily marketable.

The potential industries capable of being established through the manufacture of our resources are of infinite number.

And with British industrial capital seeking eagerly to establish itself abroad, the industrial future of this province is limitless—if we have the imagination and initiative to go after it.

Habitual Criminals

Jailed Indefinitely

During recent months there has been concern felt by many of the people of this city about habitual criminals and sex criminals locked up. What is not always realized is that the Dominion Government has provided the means for doing this.

However, the crime of this kind can be given one of these special sentences simply because a judge may think he deserves such treatment. In one sense, the business of imposing these special sentences is a separate proceeding.

In the case of a person charged with being an habitual criminal, he comes before the court because of a crime he has committed. Then, after being found guilty, he may be tried to determine whether or not he is an habitual criminal. Under the Criminal Code, he must be given notice of the proceedings and the provincial attorney-general must consent to such a charge being laid.

Must Be Approved
Thus, no matter how badly a judge might want to see a criminal locked up as an habitual criminal, he cannot pass sentence without the approval of the attorney-general. Thus, you will only find these proceedings being taken when the authorities have decided to try and keep a particular criminal locked up.

Even if the attorney-general does consent, it does not necessarily follow the judge that the accused is an habitual criminal. But, unless the attorney-general does consent, this provision of the code cannot be applied.

This Canadian criminal law does not provide a means for dealing with this type of criminal, but leaves for the judge to handle the case of a criminal who is a danger to the public.

Even if the attorney-general does consent, it does not necessarily follow the judge that the accused is an habitual criminal. But, unless the attorney-general does consent, this provision of the code cannot be applied.

Social Service to Wandering Indians

There is an opportunity for worthwhile social service work among the Chippewa Indians, who pursue a wandering life in what is described as dire poverty in the foothills of Alberta.

The story as related on The Bulletin's provincial news page indicated these people would not accept life on a reservation.

Two reasons were offered: one that they wished to fulfill the dying request of an old chief that they remain true to their heritage, and secondly that they did not feel the area set aside for them was suitable agriculturally, although it is reported to have millions of feet of marketable timber.

The old chief, of course, could not foresee the changes that they remain true to, and in continuing to fulfill his wish, present members of the band would appear

to be true to a heritage simply because of ignorance.

But apart from the attitude of the Indians themselves, it would seem that those who discuss the merits of sending missionaries to foreign lands could well look into their own backyard.

Social service work among these people may be bringing leaders to a new life, but it would certainly be of value to their children in future years.

They shouldn't be permitted to wander around forever.

And if the federal government can handle settlement in this country of displaced persons, why couldn't it handle one of its departments—the department of Indian affairs, for instance—could do something about settling 200 Indians.

In the time of the old chief they could be an asset to the country.

As it is, their lives are useless.

Civilians in Atomic Attack

News from London would indicate that the possibility of Russia possessing the atom bomb has caused the U.K. home office to speed up its precautionary measures against attack by atomic bombs.

It is wise and sensible to take these precautions early, and too late once the bombs start falling. No one is anxious to get into another war, but if the other fellow is really bent on aggression there is little you can do to stop him, unless you use force.

It is always a possibility that before you can stop him, he will have done you some damage. It is against this possibility that Britain is preparing.

Editor, Bulletin—Pardon my affront but I'm now R.S. Look, let's face it, David Ruboff never was a great musician.

He never will be. At his best he was a good entertainer. R.S. gave him credit for that.

I found the review painfully truthful, as was his review of Zena Saks. She sang out of tune, she always has. Why not come out and say so? We're not a bunch of backward boys who give the stamp of approval to every second rate act that comes the U.S. border. Believe me, the so-called "big time" is full of mediocre talent. I know of it. Editor, Bulletin—There are very unpleasant rumors spread around the public of all kinds about the plater, who was for Mr. Becker and the name Karl Eckert called to R.S.

This is concerning my personality. What is the idea of the publishing party?

They say it is all true. If this is the case, don't they prove it? I'm personally known to many people in the city of Edmonton, besides my character.

I want them concerning my personality, away from me. Nothing is said against you people as far as a further notice might be expected for them who are Becker's helpers.

From Today's News

By DE WITT MACKENZIE

The fortunes of the Chinese Nationalists continue to be the subject of much discussion in the city of Edmonton.

Winning a military machine from the north. The great of his metropolitan area, the Chinese Nationalists are the troops of the newly-proclaimed Communist government at Peking.

The Nationalists once more have moved their government to the ancient city of Chungking. This is in a manner of speaking, the last outpost of the retreating regime.

Chungking is the capital which the Nationalists occupied in the first days of the Chinese revolution. War a few miles further west in the mist-shrouded hills which the Chinese Nationalists have been telling us.

Well, it does, too. When I ordered some blades from the drug store last week they sent around one of the new blades. I happened to have some of the old blades on my shelf. I decided to conduct an experiment.

First, I walked into the bathroom, reached up to the shelf, took down an old-style blade, unwrapped it, and held it up to the mirror. Elapsed time: 12 seconds.

Next, I picked up the new blade, unwrapped it, and held it up to the mirror. Elapsed time: 17 and lives to be 72 he will have saved—unbelievable, a little better than 23 hours.

Now, at first blush, you might think this was a good idea. I have even another story to go forward in the march of progress. I have a many inventions for, for example—the time-saving blade may be a cure in disguise.

Modern Balladeers

Gain Immortality

The untimely death of Buddy Clark, the singer, dramatizes the fact that certain immortality of the twentieth century balladeers transcended for a more conventional one.

It is not that most of the die jockers take this in their stride. For the first couple of days after Buddy was killed they referred to him as "the late Buddy Clark."

Now, however, they refer to him as "one of his kind." This is the way the world reacts to a man who has died.

Now the ejectable razor blades have slipped off that much more of the previous time modern man has left to himself: nineteen hours of safety gone forever with the turning of a crank.

Ottawa Takes Lid Off Hogs

Gardiner Sale Approval Disregards U.K. Contract

By Robert W. Reford
British United Press Staff Correspondent

OTTAWA, Oct. 14.—(UPI)—The Canadian farmer today has the government's approval to sell his hogs for as much as he can get without worrying about fulfilling the British bacon contract.

Agriculture Minister James G. Gardiner revealed last night that when the government signed a bacon contract with Britain it was not concerned with seeing its terms met.

NOT REALLY WANTED

He explained that the British do not want to buy Canadian hogs because of their dollar shortage. But, he said, this country prevailed upon them to sign a contract so that when their difficulties are ended, and they are able to provide the dollars, we will still be in that market and they will know something about our product.

Once the contract was signed, Gardiner said, the government took the attitude with farmers that "Here is the contract price for bacon; that contract price will bring you a certain price for hogs. If you can sell your hogs for a better price somewhere else, then don't worry about the British—because after all, they would just as soon you didn't send them any."

BELOW CONTRACT

Canada contracted to supply Britain with 180,000,000 pounds of bacon this year. It was estimated, however, that only 50,000,000 pounds would be shipped.

Gardiner pointed out that Canadians were eating between 50 and 70 per cent more pork and pork products than they had before the war. As a result, he said, hogs had been "as much as seven cents a pound dressed weight higher in Canada than you can get for them under the British contract at seven cents a pound less."

The Canadian farmer, he said, "will produce more hogs to sell in Canada at seven cents a pound above the British contract price than he would produce if you told him he had to sell them under the British contract at seven cents a pound less."

NOW INCREASING

Gardiner said that hog production was now increasing after a steady decline through the last part of 1948 and the first part of this year. He said this was due to a favorable hog-baiter ratio.

He explained that the farmer would make more money by feeding grain to his hogs and then selling the animals, than he could make by selling the grain itself.

Gardiner also said that Canadians were now allowed to send butter in gift parcels to friends and relatives in Britain. This had been permitted, he said, because improved butter stocks had eliminated worries of a shortage.

The government was trying to advertise Canadian agricultural products at home and abroad but was running into opposition from the British government, Gardiner said.

Honey Crop Down 31 Pct.

OTTAWA, Oct. 14.—(UPI)—Due to the sweet-toothed Canadian, Canada's honey crop is 31 per cent lower than last year.

And, according to bee experts, you can't blame it on the bees. As usual, the guilty party is that universal butt of abuse, the weather man.

Bureau of Statistics reports place the 1949 crop at 21,286,000 pounds, way below the near-record production of 45,145,000 last year and the lowest since the honey-short year of 1946, when only 23,185,000 pounds were produced.

PRODUCTION FIGURES

Production by western provinces and Ontario with 1948 output in brackets was: Ontario, 19,655,000 (15,726,000); Manitoba, 4,890,000 (6,125,000); Saskatchewan, 5,206,000 (6,492,000); Alberta, 6,050,000 (10,254,000); British Columbia, 905,000 (918,000).

A colony of bees, otherwise known as a hive, consists of anywhere from 75,000 to 80,000 members. Between them this year, each of those tiny "factories" produced as little as 59 pounds of honey, the average for New Brunswick, to 113 pounds, the average for Saskatchewan.

Production per colony in Ontario fell from 46 pounds last year to 41; Alberta 125 to 110.

Total department store sales in Canada during the first six months of 1949 were ten per cent higher than in the same period last year.

BABY-SITTING MAY BE CLASSED AS OCCUPATION

CANBERRA, Oct. 14.—(UPI)—The federal executive of the Australian Labor party wants baby-sitting classified as an occupation.

Members of the executive feel that the occupation of a baby-sitter has become of national importance. They also want baby-sitters to be provided through the government's employment service.

A. S. McAlpine, president of the ALP executive said if an award is made for baby-sitters, they would come under the miscellaneous workers' union.

EDMONTON BULLETIN, Friday, Oct. 14, 1949

World Food Pool Favored

OTTAWA, Oct. 14.—(UPI)—Agriculture Minister Gardiner reiterated last night in the Commons that he is in favor of the establishment of a world food pool.

Resisting some of the views he has expressed in other occasions, he said the difficulty in establishing such a pool is "that there are too many people in the world who still think dollars mean more than anything else."

CARRIED WHEAT

Some 200,000 Canadian farmers had carried 600,000,000 bushels of wheat through a very considerable part of the war, and so no other than the farmers had anything to do with financing it. They carried the wheat so that it would be there to feed the people in Europe who otherwise would have starved.

"I am all for it, but I do not know that I could carry all the people of Canada with me."

Victor Quenell (S.C.-Acadia) asked if Mr. Gardiner would say the government favored a world food pool. "The government of Canada let me make three speeches on it and it did not kick me out," replied the minister.

Five Persons Killed As Train Derailed

CALCUTTA, Oct. 14.—(AP)—The Bombay Mail hurtled off the tracks 80 miles from Calcutta late

Thursday night, killing five persons and injuring 31. A railroad spokesman said the train had been sabotaged. He said eight flagpole and bolts had been removed from the length of rail at the accident spot.

Auto Dealers Rap 'Convoys'

CALGARY, Oct. 14.—(CP)—Calgary and Edmonton retail automobile dealers are up in arms over the convoys of "so-called" used automobiles and small trucks which are arriving almost daily in these oil-hungry cities, and yesterday they expressed indignation over the spot in which it puts them.

"We've lost some of our best customers of 25 years' standing," one dealer remarked, "because we can't supply a car that's been on order for several months, but the used car lot across the corner has them available at a moment's notice."

"Our customers just can't understand it. Neither can the dealers for that matter. Their hands are tied."

They must sell at the established retail price and in addition, the rub is they must service cars of their own make, wherever purchased, to keep up the company's guarantee.

Once-Richest Girl Marries

LONDON, Oct. 14.—(AP)—Cornelia Vanderbilt, once known as North America's richest girl, and Vivian Francis Bulkeley-Johnson, London banker, were married quietly in the Kensington registry office here Wednesday.

Canada Potato Crop Below 1948 Harvest

OTTAWA, Oct. 14.—Canada's 1949 potato crop is estimated at 40,000,000 hundredweight compared with last year's crop of 55,500,000 hundredweight, the Bureau of Statistics reported today in new revised estimates.

The estimate, well below the 1948 crop compared favorably with the 10-year average of 43,000,000 hundredweight for 1938-47. This was reported in the October estimate for late-own crops. The report showed the output of dry year, vintage and mangel and mixed grains is lower than last year while output of dried beans will be up slightly.

Production of shelled corn is expected to be the largest since 1942, but the bushel yield may be lower than 1948. Average seeded to dry year was sharply lower for the second successive year, and average yield per acre also lower than last year. This means that current production is placed at only 80,000 bushels, compared with the 1948 output of 1,300,000.

MORE DRIED BEANS
Higher yields of dried beans in Ontario, the principal growing province, is expected to bring 1949 production to 1,700,000 bushels, compared with 1,600,000 last year. Despite a reduction in acreage from last year, the soybean crop is estimated at a record level of 2,000,000 bushels.

A recent Canadian production of 81,000 tons of sugar beets is forecast, with a substantial rise in acreage the principal factor in the increased output. The 1948-49 crop of 62,100 tons. The all-Canada output of alfalfa is placed at 2,700,000 tons and fodder crops at 3,200,000. Production in 1948 of these crops was 3,000,000 and 3,100,000 tons, respectively.

Inside Hollywood

By Bob Thomas
HOLLYWOOD—(AP)—Let me tell you about my movie career. This won't take long. I've been picking grapes in the Hollywood vineyard going on six years and no producer has looked at me and exclaimed: "This boy is the answer to Montgomery Clift." This week I thought my time had finally arrived.

Voice on telephone: "Paramount calling; we'd like you to do a picture with Bob Hope." I knew Crosby couldn't last.

DEPLATION
The scene was set up in a studio street. I disregarded this economy measure, since anything with Hope must be an "A" picture. I asked what kind of makeup I should use.

"You don't need any," was the answer. "Abba—A documentary, I thought. I asked to see the script. might want to tidy up my dialogue, you know."

"You don't need any," was the answer. "Then came the blow. I learned the 'Picture' was to be a trailer to advertise Hope's picture, 'The Great Lover.'"

I stood on one foot and then the other while Hope did a scene of walking into Rhonda Fleming's dressing room. Then we moved onto the stage.

Now?
The work day was nearly over and there I was, waiting on the sidelines like a frustrated footballer. Finally, the director looked my way and said "none."

Here was my big scene. In the midst of love-making, Miss Fleming is interrupted by telephone calls, makeup man, hairdresser, fan-mail boy, etc., and an interviewer, played by myself. The script called for no dialogue by me, but Hope kindly provided some.

As he is being pushed into the background and out of the door, he says to me: "I'm Bob Hope." Here, printed in its entirety, is my line: "So!"

We had to take the scene twice. My first "So!" wasn't loud enough.

South Seas' Life Film Background

Blue Lagoon Opens Run At Rialto Theatre Today

A much dreamed-about life on a South Seas island by a shipwrecked boy and a girl who grow to be a man and a maid, is the story of the *Blue Lagoon*, a J. Arthur Rank production which opened at the Rialto theatre today.

In the *Blue Lagoon*, a Technicolor adaptation of the novel by J. de Vere Nease, the producer has combined the features that go to make a popular South Seas island picture.

Listed among these features are Jean Simmons, the feminine lead, in a sarong... a fight to the death with a giant octopus... the golden palm-fringed sands and blue sea of the South Pacific... an idyllic romance unscathed by wedding bells... a tropical hurricane and a raging fire and an explosion at sea.

NEW CHILD STARS
Two new British child actors are introduced to the screen in the "as a child roles" of the leading characters. They are Susan Shanks and Peter Jones. As a man, the male lead is played by Donald Houston.

For arranged Jean Simmons, the *Blue Lagoon* is the 13th picture in which she has played since she won over 200 other contestants for the part of Margaret Lockwood's sister in the film *Give Us the Moon*. For the 19-year-old star, the 12,000-mile trip to the Fiji Islands to film the picture, was the longest trip she ever made from her North London home.

Britons Cheer Trade-In-Empire Plea Of Tory MP
LONDON, Oct. 14.—(Reuters)—Cheering British Conservatives yesterday unanimously approved a demand for development of the Commonwealth and Empire preference housed by an impassioned appeal from a 20-year-old member of parliament. Anthony Nutting, 4,300 delegates to the party's annual conference passed the resolution. Nutting, leader of the young Conservative movement, had said: "Too many people have regarded the Dominions as chunks of red on the map that send an army every 20 years and a cricket team every five."

NEXT
STEP

The above picture shows the interior of the new spacious truck service centre, and the modern equipment for the servicing of trucks, from the smallest to the largest. The hoists and new analysers are shown in the back of the shop. Inset is the front and side view of Burrows Motors occupying a frontage of one hundred feet, extending back two hundred and fifty feet on 106th Street.

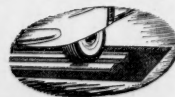

**Burrows
Leads
the Way!**

The Clayton Vehicle Analyser is the first of its kind in Edmonton. You now can have your car or truck tested by this new scientific method at Burrows Motors who can make ALL types of repairs to your vehicle.

**A New and Improved Service to
Insure Top Truck Performance**

Now you can be sure of peak performance from your truck. Our CLAYTON VEHICLE ANALYSER allows us to check, tune and adjust both engine and driving mechanism under every road driving condition without leaving our service floor. Trouble shooting is done scientifically . . . quickly . . . accurately, to determine just where the trouble exists, and at the exact load point. The result is faster service, fewer parts, lower cost and greater satisfaction. Drive in tomorrow.

HOW WE DO IT
The rear wheels of your truck rest on the traction rolls, which act as a treadmill. As your engine transmits horsepower to the rolls, it is absorbed and measured. The road load set up on the rolls by the operator is changed at will to duplicate every possible road driving condition, and your truck's reaction to these road driving demands determines the adjustment necessary to insure peak performance.

Louis to Fight Double Z

Friday's free-lit... and whatever became of Honest Gene Mason? ... Yankees' Phil Hazzard and Brooklyn's Pee Wee Reese, rival shortstops in the recent World Series, each hit .277 for the regular season. ... Here's a little something straight from Jacobo Benavides, Jr., of the ancient, former heavyweight king POSITIVELY will fight Edward Charles before the end of June 1950. All this yak-yak about Louis just being interested in exhibitions can be taken with a grain of salt. Any training he's doing at this time is with one idea in mind, that of earning a crack at Charles, generally regarded as the ruling heavyweight in all states except New York.

Add best-crack-of-World-Series: Following Yanks' 4-3 triumph over Dodgers in the third game, at least one photographer worked overtime trying to get dual-homer Jerry Coleman and Joe Page to pose for a kissing shot. What finally chilled the cameraman's ardor for keeps was Coleman's flip "Say, whaddya think I am, a male war bride?"

Most major league insiders rate Ned Newcombe, Brooklyn Negro right-hander, as the best young pitcher to come along since Rapid Robert Foster first lit the headlines.

Maher Will Be In Demand

For the records: Bill Maher, right-winger who drew his release from Flyers' coach Frank Carroll last week, racked up 62 points in Western Canada Hockey League play last season, finishing seventh in the goal-scoring derby. Consequently there's no chance that "the youngest of the puckhandling Maher brothers (Phil and Paul preceded him locally) won't be able to land a hockey job—providing he's prepared to go elsewhere. As a matter of fact a representative of the eastern team was trying to land Maher before he'd been made that Flyers would not require his services. ... It took Bill Yates, Calgary horseman, more than two years to get back to the States, once the ace of his string, Yates lost the speedster in eastern Canada in the autumn of 1947, via the claiming route, only recently got it back the same way.

One of the most satisfied athletes encountered on a recent hockey-banquet jaunt was Al Roppa, netminder with Flyers when the locals won the Allan cup season before last. Roppa, who's a Chicago Black Hawk, still is the property of Chicago Black Hawks.

American league umpires generally are rated superior to their National League brothers, no matter what else you may have heard on the subject.

Roe And His Integrity

Here's a Preacher Roe story supposedly proving that the only Brooklyn hurler able to stop Yankees last week has a sense of humor.

After a night game in Boston, Dodgers players were given the choice of eating at their hotel or another heanery of their own choosing. Those who elected to eat at other than their hotel were entitled to a \$3.00 kickback from club-secretary Harold Parrott. Those who took their chow in the hotel dining room were privileged to sign the check.

Next day Parrott was around, enquiring of each player where he had eaten and handing out three rocks here and there, according as the situation called for it.

Finally he came to Roe. "If I ate at the hotel I don't get the three bucks, is that right?" Roe wanted to know. Parrott assured him that this was so. At the same time he warned the skinny southpaw not to lie to him. "You'll lose your integrity if you do."

Roe appeared to weigh the pros and cons while making up his mind.

Finally he gave Parrott his answer: "Heck, I've lost my curve and my fastball already and all I have left is my integrity."

"I ate at the hotel."

Big Stake Shuffles Lineup for Stamps

Coach Annie Stukus has shuffled his Eskimo backfield like a deck of cards this season.

And tomorrow he will start an entirely new combination against the Stampede in Calgary.

Chuck Feneboch, who has bounced from backfield post to ball this fall, will start at fullback, backfield post like an indie rooster replacing Pat West.

Harry Hobbs and Reg Clark have been assigned fullback posts and Bill Stukus will operate at quarterback. Frank Jickey and Ken Stuman are slated for flying wing.

Use of Feneboch at fullback means Eskimo will employ seven around the end. West will be used in a defensive capacity.

Remainder of the starting club will be: center, Andy Marfoes; guards, Ned Stokes, Steve Parry; tackle, Bill Handovic; John Dugard; and ends Pete King, Danlin Gilmour.

Gene Minick, Alex Romanuk, Earl Elzey, Nick Albert, and Nate Shore are not likely to see action. Elzey, who suffered a broken arm last month, is expected to rejoin the club next week, complete an aluminum cast.

12 Trackmen Leave Tonight

Varsity athletes leave tonight "to do or die" at the big inter-collegiate track meet tomorrow in Saskatoon.

Team of twelve men who figure to bring back the Calina trophy will include: Ted Allison, high jump; Bill Bailey, discus; Carl Edwards, broad jump; Dennis Engels, one and two mile sprint; Ivan Head, 100, 200 and relay sprints; Eric Longway, two miles; Frank Niklos, one mile; Wayne Milton, shot-put; Jim Proudfoot, javelin and 440 yd. sprint; Bill Swenden, 440 yd. sprint; Ned Thomas, 100, 220 and relay; Pat Walker, 440 yd. sprint, discus and relay.

Varsity football is managed by Herb MacMillan, the league being composed of the following teams: Fraternity Phi Kappa, Phi Delta Upsilon, Zeta Phi, Kappa Sigma, Sigma Alpha Mu, St. Stephen's College, St. Joseph's College, Lambton College, Delta Kappa Upsilon, Athabasca Normal, and Phi Delta Theta.

NEW YORK, Oct. 14.—(AP)—New York Giants yesterday announced the purchase of two pitchers from their minor-league farm club, and at the same time released outfielder Adnan Zahabi to Minneapolis Minners of the American association. The newcomers are right-hander George Benabarger and southpaw Bill Miller.

Greg Forsyth crashed through to paydirt, scoring the only touchdown in Wednesday's football game at Varsity when Kappa Sigma A blanked St. Stephen's College 40-0.

Wetaskiwin Offers Plan

Wetaskiwin will enter a northern Alberta junior hockey league with Edmonton's four athletic clubs—if those athletic clubs are receptive to certain proposals suggested by Wetaskiwin officials.

Originally Edmonton's teams—South Side, Canadian, PAC and Maple Leaf—laid down certain terms which Wetaskiwin would have to live up to before being admitted.

Better these were: Posting of a new band with the league as well as the regular \$25 entry fee which every team pays. Also a guarantee of \$75 per each game an Edmonton team plays on Wetaskiwin ice.

These terms have been considered by the Wetaskiwin board this week, and they are in favor of them—providing Edmonton will agree to certain other proposals. The Wetaskiwin counter-proposal involves paying the Wetaskiwin club 60 per cent of the net gate each time they perform at Edmonton Center.

Wetaskiwin executive, Bill Dwyer said last night that if it took the Edmontonians \$75 each time they traveled to Wetaskiwin 60 per cent doesn't seem like an outlandish guarantee to pay his club's expenses when it plays in Edmonton.

Dwyer also indicated that his organization has suggested that the Wetaskiwin-Edmonton games be worth two points, while the games between Edmonton clubs be of the one-point variety.

Said he: "Such a measure would stimulate rivalry between Edmonton and Wetaskiwin."

Stanford Clark, president of the Edmonton and District Amateur Hockey Association, is expected to announce shortly how receptive the Edmonton fellows are to the Wetaskiwin plan.

SKI CLUB MEETING Edmonton Ski Club will hold a general meeting at the South Credit Hall, 9074 Jasper, Friday at 8:00 p.m. Election of officers for 1949-50 executive will take place. Movies, refreshments and dinner will follow. Prospective members welcome.

14 EDMONTON BULLETIN, Friday, Oct. 14, 1949

Heavy Challenger Snubbed By NBA

WASHINGTON, Oct. 14.—(AP)—The National Hockey association apparently doesn't give Pat Valentine much of a chance in his fight tonight with Edward Charles.

CONGRATULATED on his performance in Paris, Oliver Noyes of the United States, plans a haul on the coast of France's world middleweight.

As for Valentine, the NBA devalued him only as an "outstanding player" with a "dramatic rating."

The NBA ratings in the NHL are: 1. Eddie Shore, 2. Earl Hare, 3. Bill Masterton, 4. Bill Gadsby, 5. Bill Gadsby, 6. Bill Gadsby, 7. Bill Gadsby, 8. Bill Gadsby, 9. Bill Gadsby, 10. Bill Gadsby.

I.K. Export Need To Canada Urgent

Board Of Trade President Describes Methods Needed

By H. L. Jones
Canadian Press Staff Writer
LONDON, Oct. 14.—(CP)—Harold Wilson today told British businessmen that increasing exports to Canada is the "most urgent" economic task facing the country.

Constitution Change Talks Are Planned

MONTREAL, Oct. 14.—(CP)—Prime Minister St. Laurent said last night a dominion-provincial conference will be called "at the end of the present session" to seek agreement on a satisfactory procedure for amending the Canadian constitution in Canada.

SKILL NEEDED

"Even at lowered (devalued) prices, Canadians will not buy our goods unless we go all out to produce the things they want and advertise and merchandise them with all the skill we can command."

The supplement and Wilson's strongly-worded statement reflected the government's redoubled efforts to increase dollar exports while the advantages of devaluation of the pound.

It stressed again the importance of the market in Canada which stands on the threshold of a very remarkable period of development.

The supplement contained among other articles by Trade Minister Howie of Canada. He warned that even yet "substantial orders" are being lost to British manufacturers because of extended delivery dates.

PERSONAL SURVEYS

He urged British businessmen to make personal surveys of the dominion and said the engineering and industrial fields offer some of the power and right given in the provinces and the provinces receive the power and right given in federal authorities.

EACH HAS RIGHTS

The Prime Minister said Canada is merely seeking the right to deal in Canada through her own parliament, in whatever way it may see fit, with those matters which are the constitution, are assigned exclusively to federal authorities.

In other words the Dominion wants the authority to make the kind of amendments to the constitution which have always been made without question by the British parliament on a simple request from the Canadian parliament.

The federal government has no right to take from the provinces any jurisdiction which was given them by the constitution, he said. St. Laurent said, and the provinces have no right to take from parliament any jurisdiction which it now enjoys.

"There may be circumstances, however, which would make it desirable for the provinces voluntarily to transfer a part of their jurisdiction either temporarily or permanently to parliament," he said. He said mutual transfers of jurisdiction would help to avoid possible duplication of services and double taxation.

Lawyer Denied His Liberty On Own Bond

CALGARY, Oct. 14.—(CP)—John C. Paffenroth, Calgary barrister and solicitor, charged with being in possession of drugs, appeared in police court yesterday and was released on Oct. 18 on a date for his trial will be set.

Magistrate J. F. Pich, B.C., said he would refuse to set bail under \$500. He told Mr. Paffenroth it he wished to make representation to a judge he could do so but under no circumstances could he consider the application Mr. Paffenroth made when he appeared before him Wednesday. Accused had asked to get out on his own recognizance.

Editor Is Interred

TORONTO, Oct. 14.—(CP)—Funeral service was held yesterday for Glenn G. Smith, 53, editor and publisher of the Safety World Magazine for more than five years. Formerly of Woodstock, Mr. Smith played in the Ontario Hockey Association with St. Catharines and later became a referee.

BOSS HOODLUM WORRIED

CALGARY, Oct. 14.—(AP)—Here's a switch: Mickey Cohen and his boys want to get into jail. Preferring fear for their lives, four of Cohen's longtime hand of henchmen asked to be locked up yesterday. And they were.

Cohen, who accompanied the quartet to court, indicated that he was not in a hurry to get behind bars in view of the strange disappearance of two of his aides, Frank Niccoli and Dave Ogil.

"I'm ready to go to jail right now—reason of safety," the little gambler told reporters. "I'm worried I wish I knew the answers to those strange things that are going on."

Cohen and the uneasy quartet are all charged with conspiracy to obstruct justice in the assault case last summer. Niccoli and Ogil were shot.

Gang's 4 Scared Gunmen Beg Safety of Jail Cell

LOS ANGELES, Oct. 14.—(AP)—Here's a switch: Mickey Cohen and his boys want to get into jail. Preferring fear for their lives, four of Cohen's longtime hand of henchmen asked to be locked up yesterday. And they were.

Cohen, who accompanied the quartet to court, indicated that he was not in a hurry to get behind bars in view of the strange disappearance of two of his aides, Frank Niccoli and Dave Ogil.

"I'm ready to go to jail right now—reason of safety," the little gambler told reporters. "I'm worried I wish I knew the answers to those strange things that are going on."

NOTHING but smouldering ashes and crumbling bricks remain today of two-storey home at 5121-88 Avenue. Fire of undetermined origin last night completely gutted house, which was not electrically wired. Owner, Mrs. Lila Campbell, is in Calgary. Her daughter, Aline, 21, was not at home when blaze broke out. Fire Department is investigating cause of blaze which caused about \$4,000 damage.

Lewis Spectacular in Bid To Weld Labor for Steel

WHITE SULPHUR SPRINGS, W.Va., Oct. 14.—(AP)—John L. Lewis, president of the United Mine Workers (Ind.), today asked AFL President William Green to throw in \$2,500,000 a week to assist CIO President Philip Murray in his steel strike and promised the miners would help.

Lewis, in an amazing bid for labor union co-operation in the two major strikes now on, called upon Green to create a fund in which all A.F.L. unions would each put up \$250,000 every week to help the steel workers "win beyond precedent."

Lewis said he would match the \$250,000 every week from the treasury of the United Mine Workers. His 400,000 miners have been on strike since Sept. 19.

In a letter to Green, Lewis urged the AFL president to "subordinate every other consideration and rise to meet in this fashion the giant adversary which would decimate the major work of organized labor."

In this way, Lewis who has fought both Green and Murray in the A.F.L. and C.I.O., appeared to be making a tremendous bid to bring all of the major labor organizations into a drive to fight what he called yesterday "a common front" against steel and industrial interests to break down unionism.

Lewis and his 400,000-member union were in the A.F.L. until 1966 when he led the movement to organize mass production industries. Lewis and his vice-presidents, Philip Murray, were instrumental in organizing steel, auto, rubber, electrical manufacturing, and other large-scale employing industries.

U.S. Reds Guilty Of Conspiracy

NEW YORK, Oct. 14.—(AP)—A federal court jury in New York today found 10 United States Communist Party members guilty of conspiracy to aid and abet the overthrow of government.

The jury found Edward (Neddie) Herbert is dead, victim of an ambush that almost got Cohen.

The four henchmen now in jail are Bill Liska, Jimmy Blum, Louis Schwartz and Harold (Happy) Melner. Judge Thomas L. Ambrose sentenced bonds totaling \$150,000 and they marched off to jail.

The trial has been set for Jan. 16. Cohen said he might ask extradition of his \$100,000 bond today and join the gang in a cell.

A bonding company spokesman, however, gave the henchmen a more sordid financial tale. He said it was just a case of the company getting worried and demanding more collateral.

The disappearance of Niccoli and Ogil, so Cohen asked the boys.

Bandits Kill 2 In Poker Raid

MUNCIE, Ind. Oct. 14.—(AP)—Two men were slain and five others were wounded, one severely, yesterday when two gunmen attempted to hold up a poker game in a downtown cigar store.

The gunmen fled after firing more than a score of shots at the 19 men who, Police Chief Harry Nelson said, were playing cards in the rear of the store. Later one of the gunmen, wounded in the hand of bullets, was captured and removed to a hospital. Nelson said he was admitted his part in the shooting.

Nelson identified the dead men as Theodore Bates, 45, a Miami restaurant owner, and Dewey Williams, 31, a 1st St. resident.

Nelson identified the captured bandit as George E. Crater, 27.

"Basilian" — a Basque word meaning ruffian—was the name given Crater, by Crater when he first sighted this country in 1906.
